

The RainWise Galvanized Steel Tripods

The RainWise tripods are fabricated from 1 1/4 inch diameter 16 gauge galvanized steel tubing.

The bolt-on swivel feet will adapt to any pitch roof or surface. All models feature a lower mast support bracket.. The three foot and five foot models fold for convenient storage and fast assembly. The ten foot model has a ladder on one side. All of the tripods will accommodate up to a 1 3/4 inch diameter mast

A lag screw and sealer kit is included with roof mounted tripods. The tripods are guaranteed for five years.
